6. Industrial property rights and copyrights

- 6.1 If results/products subject to copyright (e.g. expert opinions, test results, calculations) exist or arise during the execution of the order, ISEC VISATEC shall grant the customer a simple, non-exclusive, non-transferable and non-sublicensable right of use, insofar as this is necessary for the purpose of the contract.
- 6.2 If a third party asserts justified claims against the customer due to the infringement of an industrial property right or copyright (hereinafter referred to as property rights) by products supplied by ISEC VISATEC and used in accordance with the contract, ISEC VISATEC shall be liable to the customer as follows:
- a) ISEC VISATEC shall, at its option and expense, either obtain a right of use for the product, modify the product in such a way that the property right is not infringed, or replace the product with an adequate one. If this is not possible for ISEC VISATEC under reasonable conditions, the customer shall take back the product against reimbursement of the purchase price.
 - b) The aforementioned obligations of ISEC VISATEC shall only apply if the customer immediately notifies ISEC VISATEC in writing of the claims asserted by the third party, does not acknowledge an infringement and enables ISEC VISATEC to take all defence measures and enter into settlement negotiations. If the customer ceases to use the product in order to minimise damages or for other important reasons, he shall be obliged to point out to the third party that the cessation of use does not constitute an acknowledgement of an infringement of property rights.
- 6.3 Claims of the customer shall be excluded if and to the extent that the customer is responsible for the infringement of property rights. Claims of the customer shall also be excluded if the infringement of property rights is caused by special specifications of the customer, by an application not foreseeable by ISEC VISATEC or by the fact that the delivery is modified by the customer or used together with products/processes not supplied by ISEC VISATEC.
- 6.4 Further claims against ISEC VISATEC are excluded.
